

# VentureLens Sample Pitch Deck

Startup Name: EcoCart

Sector: Sustainable E-commerce

Problem Statement:

Small retailers lack affordable tools to track and reduce packaging waste.

Solution:

EcoCart provides a plug-in analytics dashboard that helps online stores switch to sustainable packaging and track carbon footprint per order.

Market Size:

TAM: \$12 Billion (global sustainable packaging market)

SAM: \$2 Billion (India + SEA e-commerce packaging)

SOM: \$50 Million (achievable in 3 years)

Financials:

Revenue: INR 18 Lakhs (last 12 months)

CAC: INR 450 per customer

LTV: INR 3,200 per customer

Burn Rate: INR 2 Lakhs per month

Traction:

Customers: 340 paying merchants

MRR: INR 1.5 Lakhs

Growth Rate: 22% month-over-month

Team:

Founded by two IIT graduates with prior experience in supply chain and sustainability consulting.
